Erratum: The Enhanced Anticoagulation for Graphene Induced by COOH+ ion Implantation

Xiaoqi Liu, Ye Cao, Mengli Zhao*, Jianhua Deng, Xifei Li and Dejun Li*

After the publication of this work [1], we noticed an error whereby the images of Figs. 1, 2, 3 and 5 were interchanged, and therefore do not correspond to their legends. They are interchanged and therefore do not correspond to their legends. The original version of this article was corrected. The corrected figures are given below:
